Joey; I know you said you had a meeting today to discuss the Pound and Bull comments. I just wanted to make sure I sent you the Bull comments because I could not remember if I did.

Hi Michelle,

Things are hectic here in Big Stone Gap this morning and I'm sorry about cancelling our call. We are very busy and it's hard to set up a meeting with technical staff.

We've scheduled a meeting for our folks to review and discuss the comments on the Pound & Bull Creek TMDLs and the monitoring plan for **9:00 am on Wednesday August 11th**. The idea of that meeting is to prepare for conference call with EPA Region III - in hopes of talking with you guys later in the month.

But I understand about vacation time - I'm still trying to recover from my week off in July.

Would Friday the 13th from 8 am to 9 am be sufficient? If not, how about Tuesday, August 31st - We could go ahead and try to have proposed changes to share - based on the comments you've provided.

Joey O.

Joey; Is there anyway we can have the call at the end of this week - we can meet anytime on thursday or friday.
Because of time off, we wont all be in the office the last two weeks of August.
